many studies of government in china either simply describe the political institutions or else focus critically on the weaknesses of the system such as corruption or the absence of western style democracy authors of these studies fail to appreciate the surprising ability of china s government to rapidly transform a once impoverished economy and to recover from numerous crises from 1978 to the present this book on the other hand takes a more balanced more positive view this view is based on a study of changes in china s institutions for coping with critical crises in governance since 1978 these changes include better management of leadership succession better crisis management improved social welfare the management of society through treating different social groups differently depending on their potential to rival the party state and a variety of limited intra party and grassroots democracy this book applies to the chinese model the term pragmatic authoritarianism it explains changes to and the likely future direction of china s governance model it compares current risks in china s governance with threats that terminated dynasties and the republic in china over the past four thousand years and concludes that the regime can be expected to survive a considerable period

despite its existing flaws few topics in chinese politics are as significant as the nature state and prospects of the political regime while the topic had been unduly understudied for a long period of time a young generation of scholars has emerged on this subject among others the book by hongyi lai stands out and provides a comprehensive and penetrating analysis on this topic i am confident that his book will make a significant contribution to the study of chinese politics and may well define the debate on china s political development governance and model for years to come yongnian zheng director east asian institute national university of singapore

the continuation of china s successful rise depends considerably on the capacity of the chinese government to prevent and manage a wide range of potential and actual crises which could if mishandled have serious adverse consequences for china these potential crises are both domestic where the example of the collapse of the soviet union is well understood and remembered in china and increasingly as a result of china s ever closer involvement in the global system this book presents a comprehensive overview of crisis management in china and examines china s mode of managing economic political and military crises as well as natural disasters ethnic minority issues environmental and public health problems in each area it considers the nature of potential crises and their possible effects and the degree to which china is prepared to cope with crises

anti violence movements rooted in identity politics are commonplace including those to stop violence against people of color women and lgbt people unlivable lives reveals the unintended consequences of this approach within the transgender rights movement in the united states it illustrates how this form of activism obscures the causes of and lasting solutions to violence and exacerbates fear among members of the identity group running counter to the goal of making lives more livable analyzing over a thousand documents produced by thirteen national organizations westbrook charts both a history of the movement and a path forward that relies less on identity based tactics and more on intersectionality and coalition building provocative and galvanizing this book envisions new strategies for anti violence and social justice movements and will revolutionize the way we think about this form of activism

research on cholera has contributed both to knowledge of the epidemic in particular and to a broader understanding of the fundamental ways in which cells communicate with each other this volume presents current knowledge in historical perspective to enable the practitioner to treat cholera in a more effective manner and to provide a comprehensive review for the researcher

table of contents

for courses in abnormal psychology and psychopathology a mainstream text with a contemporary twist this introduction to abnormal psychology is designed to make the material more accessible and inviting to a new generation of students in a changing world it offers a fully integrated approach that interweaves diversity issues theoretical perspectives research and multimedia content throughout students gain insight into their own attitudes and behavior patterns through carefully selected questionnaires
